Subject: Tires may Contact Wheel Well

Dear Mr. Fisher:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

SHASTA/AIRFLYTE/2016

Mfr's Report Date: September 1, 2015

NHTSA Campaign Number: 15V-552

Components:

SUSPENSION:REAR:AXLE:NON-POWERED AXLE ASSEMBLY
TIRES

Potential Number of Units Affected: 1,736

Problem Description:

Forest River, Inc. (Forest River) is recalling certain model year 2016 Shasta Airflyte 16 and Shasta Airflyte 19 trailers manufactured September 26, 2014, to August 17, 2015. The affected vehicles may have insufficient clearance between the tire and the wheel well at the top of the tire tread and also at the inner sidewall.

Consequence:

If there is insufficient tire clearance, the tire may rub, resulting in sudden tire failure which could increase the risk of a crash.

Remedy:

Forest River will notify owners, and dealers will install a new axle that provides the proper clearance between the tire and the wheel well, free of charge. The recall is expected to begin on October 26, 2015. Owners may contact Forest River customer service at 1-574-825-8717. Forest River's number for this recall is 53-08282015-0082.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Forest River's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
Chief, Recall Management Division
